Next Generation Controls

OEM Controls

- ⌚ Utilizing proven, modular building blocks to allow for short development time cycles and low NRE costs
- ⌚ High resolution display allows for video tutorials, food icons and multilingual text

- ⌚ WiFi capability for updates and data collection
- ⌚ Responsive touchscreen display with easy to use menu allowing for user customization

Next Generation Timers

- ⌚ High resolution LCD Graphical display
- ⌚ Highly versatile with field-programmable updates via USB to allow efficient, convenient and flexible changes
- ⌚ Multi-channel operation with dual-language display

- ⌚ Food product management function for improved inventory control

Air Quality Controls

- ⌚ Intermittent Use Collectors
- ⌚ DC Input, Pulse Cleaning of Bag House Dust Collectors
- ⌚ Dust Collectors Controls with CANbus network

- ⌚ Intelligent AC Input Pulse Cleaning of Bag House Dust Collectors

Temperature Controls

- ⌚ Easy-to-read displays
- ⌚ Diagnostic messages for fault conditions
- ⌚ Compact, rugged design

- ⌚ Watchdog timer ensures reliability, with temperature display in Fahrenheit or Celsius
